

Love 2 Teach

Love 2 Teach has been working with ABC for Life for over 5 years. It was founded on the idea that „every good deed creates another“.

Project summary:

The main goal of Love 2 Teach is to provide underprivileged students with a positive learning environment, to boost the moral of the students, to encourage them to pass the school, to provide them with a safe environment, to give them the love and attention they need, and to give hope to those who have lost hope.

Volunteers work with ABC for Life four times a week from 8:00 a.m. to 12:30 p.m. in the Hout Bay school classrooms.

ABC for Life was founded 14 years ago as a bridging program for only 7 elementary school students who could not cope with mainstream school. The organization has grown over these years and now helps ± 450 students, which is more than a third of the primary school students.
